Certificate of Joining

Congratulations **Afsha Mohammed**,

Welcome to the research work in Dr. Sukant Khurana's group at CSIR-CDRI. Afsha will be working as a Front end Developer. This is in the form of work-from-home unpaid-internship. The duration of this internship is flexible as it is a research internship. On successful completion of the work and based on the performance of the participant, they will be eligible for a LOR certificate and co-authorship (if the paper is published). In case you drop out after the hard work of one month, you can still collect a certificate of appreciation. If you have any questions, you can contact me.

Best wishes,

Sukant Khurana, Ph.D.

Scientist Fellow CSIR-CDRI
